Re: Minnie and Castle Creek

A meeting was held September 23, 1958 with the water users of Minnie and Castle Creek.

It was determined at the meeting that litigation was pending. Therefore, no distribution should be attempted prior to the court decision.

Mr. Keith Christensen was asked to attend the trial October 28, 1958 and report to the State Engineer's office any changed needed to be in compliance with the decision of the court.
